

ONLINE VESSEL REGISTRATION SYSTEM UPDATES

The Online Vessel Registration System has been updated and as a result, the environment will appear different although the process for completing a new registration and renewals remains the same.

Here's what's new....

- 1.) When you enter the "Boat Registration" service, you will be taken directly to your "Pending Registrations" page. This will alleviate the need for multiple clicks through the menu options to get to the most frequently used section of the program. You can always return to the "Home" page option by clicking on that tab.
- 2.) You will see a dashboard that includes summary for both vessel types (Coast Guard Documented Vessels and DC Titled Vessels) although both types may not apply to you.

The screenshot shows the 'Online Vessel Electronic Registration System' interface. The navigation bar includes 'Home', 'Instructions', 'Registration', 'Search', and 'Logout'. The 'Home' tab is circled in red. The main content area is titled 'Pending Registrations' and includes filters for 'Payment Status' (All, Paid, Pending Payment) and 'Show Records' (Last 2 Years, All). There are two main sections: 'Cost Guard Documented Vessels' and 'DC Titled Vessels'. Each section has two buttons: 'Registration' and 'Renewals', both showing a count of 0. Below these is a search section for 'INITIAL COAST GUARD DOCUMENTED VESSEL REGISTRATIONS' with a search bar and a 'Go' button. The search results show 'No records found' and 'Total Pending Registrations: 0'. A second search section for 'INITIAL DC TITLED VESSEL REGISTRATIONS' is partially visible at the bottom.

- 3.) The updated system also includes enhancements to the SEARCH feature. You can use additional search options to locate your vessel(s) by clicking on the link.

The screenshot shows the 'Search' page in the Online Vessel Registration System. The search form is circled in red. It includes fields for Vessel Name, Marina, Registration Number, Hull ID Number, DC Title Number, Inventory Number, Coast Guard Number, Owner Name, and Co-Owner Name. There are also dropdown menus for Vessel Type, Vessel Length (From), Vessel Length (To), Hull Material, and Vessel Propulsion. A 'Search' button and a 'Reset' button are at the bottom.

All questions regarding these system changes can be directed to mpd.harborpatrol@dc.gov
